# Who We Are

At EF, we have been providing comprehensive general contracting services throughout the Kingdom, offering complete turnkey solutions for the construction industry. Our team boasts decades of construction experience, ensuring that we deliver projects of exceptional value on time. We take pride in our highly qualified staff, who work efficiently to meet and exceed our clients' expectations. By establishing long-lasting relationships with numerous qualified subcontractors, we maintain a competitive edge and provide unparalleled service to execute our clients' visions with the highest level of quality.

# Vision

At EE, we strive to cultivate long-lasting relationships with our customers by dedicating ourselves to valuing their needs and preferences. We understand the importance of minimizing the complexity associated with multiple vendors, and we address concerns related to after-sales support and seamless integration of systems and equipment. Quality and partnership are the guiding principles that define EE, contributing to our continuous progress and success.

# Strategy

Our strategy revolves around implementing Total Quality Management (TQM) and adhering to industry standards. Through our commitment to conformity and dedication to quality, we aim to satisfy and exceed our customers' expectations. We prioritize open communication and perfect coordination between suppliers, employees, and customers during project implementation. As an experienced Systems Integration establishment, we provide seamless integration of systems, anticipating our customers' future growth and incorporating expansion opportunities into our designs. With our extensive resources and knowledge, we are capable of undertaking a wide range of projects.

# Our Customers

EE has established a reputable name in various major industries and sectors of the market. Through our proven relationships with strategic customers, we have gained a reputation for valuing our customers highly and delivering projects with utmost professionalism. We cater to the following sectors:

Manufacturing and Industrial Sector  
Commercial Sector  
Residential Sector  
Telecom & Data Centers

# Code of Conduct

Our Core Values define who we are and set the standard for our business conduct. They embody the heart, soul, and character of EE. Our Code of Conduct reflects the vision of EE's founders and encompasses the values that have been, and will continue to be, vital to our success. These values guide our interactions with one another, our customers, and our accountability. They represent the cornerstone of our Code of Conduct and serve as a constant reminder of the high standards we aspire to, both in our personal lives and in conducting business+

# Safety

**Safety is our utmost responsibility, not only for our employees and stakeholders but also for the general public. We integrate safety into every aspect of our work and ensure its relentless execution. Continuous improvement is our approach to creating and sustaining a zero-incident culture.**

# Honesty

**We uphold honesty as a fundamental value,  
promoting truthfulness, accuracy, and straightforwardness.  
We communicate and conduct ourselves in a candid  
and non-deceptive manner**
